

PELHAM CONSULTING: SAMPLE FROM UK PARTY MANIFESTO & POLIY TRACKER 2017-2022

SORTED BY SUBJECT – ENERGY ISSUES

ID	Party	Policy	Subject	Lead Department	Note
1054	LDEM	Support new entrants to the energy market, aiming for at least 30% of the household market to be supplied by competitors to the big 6 by 2022	Energy - Diversity	Department for Business, Energy and Industrial Strategy	
55	CON	Establish an industrial energy-efficiency scheme for large companies.	Energy - Efficiency	Department for Business, Energy and Industrial Strategy	Plan published Oct 17. See Clean Growth Strategy updates
350	CON	Improve energy efficiency by committing to upgrade all fuel-poor homes to EPC Band C by 2030. Requirements on new homes will be reviewed	Energy - Efficiency	Department for Business, Energy and Industrial Strategy	Clean Growth Strategy published Oct 17. See also Committee on Climate Change reports.
538	LAB	4 million homes will be insulated as a priority	Energy - Efficiency	Ministry of Housing, Communities And Local Government	
540	LAB	Landlord Energy Efficiency regulations will be improved for renters and the Landlord Energy Saving allowance re-established	Energy - Efficiency	Ministry of Housing, Communities And Local Government	
1034	LDEM	Ensure that 4m homes receive insulation retrofits by 2022 prioritising fuel-poor households	Energy - Efficiency	Department for Business, Energy and Industrial Strategy	
1051	LDEM	Improve energy efficiency by ensuring that all homes in England to reach at least an energy rating of C by 2035	Energy - Efficiency	Department for Business, Energy and Industrial Strategy	
1052	LDEM	Restore the zero carbon standard for new homes	Energy - Efficiency	Department for Business, Energy and Industrial Strategy	
1053	LDEM	Expand community energy schemes and encourage Councils to develop; energy saving programmes and local generation	Energy - Efficiency	Department for Business, Energy and Industrial Strategy	
1049	LDEM	Accept that there is a role for new nuclear power stations provided there is no public subsidy for new build and disposal of waste is adequately addressed	Energy - Nuclear	Department for Business, Energy and Industrial Strategy	
1050	LDEM	Maintain membership of Euratom	Energy - Nuclear	Department for Business, Energy and Industrial Strategy	

51	CON	Support oil and gas sector and also to support de-commissioning with the UK's first ultra-deep water port.	Energy - Oil & Gas	Department for Business, Energy and Industrial Strategy	Dales Voe, Shetland identified as optimal location - Sept 18
348	CON	Act to protect customers from high energy tariffs. Introduce a safeguard tariff cap to extend price protection and make switching easier	Energy - Policy	Department for Business, Energy and Industrial Strategy	Draft Domestic Gas and Electricity (Tariff Cap) Act – Royal Assent July 18
349	CON	Offer smart meters to every household and business by the end of 2020	Energy - Policy	Department for Business, Energy and Industrial Strategy	Smart Meters Bill 2017-19 introduced Oct 17. Roll-out faltering.
1406	DUP	Introduce a comprehensive new energy policy for NI	Energy - Policy	Department for Infrastructure (NI)	
1407	DUP	Continue progress on the Integrated Single Electricity Market and the North/South Interconnector	Energy - Policy	Department for Infrastructure (NI)	
1409	DUP	Develop new generating capacity	Energy - Policy	Department for Infrastructure (NI)	
508	LAB	There will be investment in new, publicly owned energy provision	Energy - Policy	Department for Business, Energy and Industrial Strategy	
56	CON	Maintain a diverse energy supply and maintain our position as a world leader in offshore wind capacity.	Energy - Renewables	Department for Business, Energy and Industrial Strategy	Offshore wind expected to contribute 10% of total energy mix by 2020. Bidding round 2019.
494	LAB	There will be investment in low carbon gas and renewable electricity production	Energy - Renewables	Department for Business, Energy and Industrial Strategy	
500	LAB	60% of the UK's energy will come from zero-carbon or renewables by 2030	Energy - Renewables	Department for Business, Energy and Industrial Strategy	
543	LAB	Renewable energy technologies including tidal lagoons will be supported	Energy - Renewables	Department for Business, Energy and Industrial Strategy	
544	LAB	Nuclear will continue to be part of the UK's energy mix. Further nuclear projects will be supported	Energy - Renewables	Department for Business, Energy and Industrial Strategy	
1011	LDEM	Additional funding to attract private investment in renewables	Energy - Renewables	Department for Business, Energy and Industrial Strategy	
1029	LDEM	Give the immediate go-ahead to the Swansea Bay tidal lagoon	Energy - Renewables	Department for Business, Energy and Industrial Strategy	

1044	LDEM	Aim to generate 60% of electricity from renewables by 2030	Energy - Renewables	Department for Business, Energy and Industrial Strategy	
1045	LDEM	Restore government support for photovoltaics and onshore wind and build more electricity inter-connectors	Energy - Renewables	Department for Business, Energy and Industrial Strategy	
1046	LDEM	Support investment in energy storage, smart grids, hydrogen technologies, offshore wind and tidal	Energy - Renewables	Department for Business, Energy and Industrial Strategy	
1047	LDEM	Support an ambitious carbon capture and storage programme	Energy - Renewables	Department for Business, Energy and Industrial Strategy	
1393	SNP	Urge the UK government to provide incentives for energy companies diversifying into renewables	Energy - Renewables	Economy, Jobs and Fair Work (Scotland)	
542	LAB	Vital North Sea Assets will be protected.	Energy – Oil & Gas	Department for Business, Energy and Industrial Strategy	
1028	LDEM	Provide assistance to help areas diversify away from fossil fuel industries such as NE Scotland	Energy – Oil & Gas	Department for Business, Energy and Industrial Strategy	
1338	SNP	Support the oil and gas sector	Energy – Oil & Gas	Economy, Jobs and Fair Work (Scotland)	
1394	SNP	Ensure that Scotland is home to the UK's first ultra-deep water decommissioning port	Energy – Oil & Gas	Economy, Jobs and Fair Work (Scotland)	
1395	SNP	Seek to ensure that supply chain companies are strongly placed to compete for contracts associated with decommissioning	Energy – Oil & Gas	Economy, Jobs and Fair Work (Scotland)	
57	CON	When we leave EU, develop an energy policy based on ends we desire rather than the way energy is generated.	Energy – Policy	Department for Business, Energy and Industrial Strategy	See Clean Growth Strategy – Oct 17
1408	DUP	Improve interconnection with Great Britain	Energy – Policy	Department for Infrastructure (NI)	
58	CON	Develop the shale industry. Non-fracking drilling to be treated as permitted development.	Energy – Shale Gas	Department for Business, Energy and Industrial Strategy	Shale Gas Team DBEIS. Pressure to relax regulations on tremors rejected Feb 19.
59	CON	Where necessary, major decisions on shale drilling to be made the responsibility of the National Planning Regime.	Energy – Shale Gas	Department for Business, Energy and Industrial Strategy	Shale Gas team in DBEIS. See Industrial Strategy
60	CON	Establish a new Shale Environmental Regulator to streamline regulation.	Energy – Shale Gas	Department for Business, Energy and Industrial Strategy	Shale Environmental Regulator Group announced Oct 18

61	CON	Change the proposed Shale Wealth Fund to ensure that greater proportion of proceeds from taxation benefit local communities.	Energy – Shale Gas	Department for Business, Energy and Industrial Strategy	See Govt statement – Nov 17
541	LAB	Fracking will be banned	Energy – Shale Gas	Department for Business, Energy and Industrial Strategy	
1048	LDEM	Oppose fracking	Energy – Shale Gas	Department for Business, Energy and Industrial Strategy	
76	CON	Take action against poor air quality in urban areas	Environment - Air Quality	Department for Environment, Food and Rural Affairs	Air Quality Plan July 17. NOx plan published Sept 17. Clean Air Strategy published Jan 19
788	LAB	A new Clean Air Act will be introduced	Environment - Air Quality	Department for Environment, Food and Rural Affairs	
1035	LDEM	Prevent 40,000 deaths a year with an Air Quality Plan	Environment - Air Quality	Department for Environment, Food and Rural Affairs	
1037	LDEM	Introduce a diesel scrappage scheme and a ban on the sale of diesel cars and small vans by 2025	Environment - Air Quality	Department for Environment, Food and Rural Affairs	
1038	LDEM	Extend ultra-low emission zones to 10 more cities	Environment - Air Quality	Department for Environment, Food and Rural Affairs	
1039	LDEM	Require all private hire vehicles and diesel buses in cities to run on ultra-low emission fuels within 5 years	Environment - Air Quality	Department for Environment, Food and Rural Affairs
